

ABOUT US

Ascend Shared Housing provides temporary shared community and transitional housing accommodations for individuals who are (1) living in a drug and alcohol-free environment, (2) receiving medically assisted treatment or (3) experiencing housing insecurities.

Ascend Shared Housing is actively committed to acquiring great homes in safe neighborhoods in order to create an investment in the community and house those individuals who are most in need. This is social impact investing that changes communities in a very positive way.

OUR HOUSING AND SERVICES

We provide safe and affordable shared housing of the highest quality. Programs including long-term, transitional, or temporary housing serve a variety of groups such as veterans, the elderly, and the homeless. Our houses are strategically located near services that lead to successful recovery, education, and employment.

We support medically approved treatments for addiction. We provide high end housing that exceeds national standards for individuals in recovery. With a variety of in-house services and a commitment to compassion, Ascend Shared Housing provides the ideal home for healing.

Our shared housing environment offers support, tranquility, safety, and respect. Ascend Shared Housing provides individuals a strong support network that helps one build the confidence and foundation to prosper in challenging and dynamic environments.

*We believe in the
power of housing*
